

## LIST RULE CHANNEL RULES: LIST AND COMPLETE

Submit your Geometry Dash achievements here for verification and ranking.

### Unedited Video Proof:

Submissions must show the complete run from the starting attempt to the endscreen.  
No cuts, splices, edits, or speed alterations are allowed.

### Audible Clicks/Taps:

Video must include clear, live-recorded microphone audio of physical clicks, taps, or button presses.

Edited-in or fake click tracks are strictly banned.

### Raw Footage & FPS Display:

High-tier achievements require a link to raw, unedited footage (minimum 30 FPS) via Google Drive or Mega.

An active FPS counter must be visible on screen at all times.

### Allowed Clients & Mods:

Only approved quality-of-life mods/clients (e.g., Geode, Mega Hack) are permitted.  
Hacks altering gameplay (Auto-play, Noclip, Speedhack, Hitbox Viewer) will result in an immediate ban.

### Legitimate Copies & LDM:

Runs must be completed on the official server level or an approved LDM (Low Detail Mode) copy that does not alter original gameplay or difficulty.

### Submission Format:

Level Name:

Player Name:

Percentage Achieved:

Video Link (YouTube/Twitch):

Raw Footage Link (Drive - if applicable):

## CONFIDENTIAL FAKE VERIFICATION RULE

### Safe Submission Policy for Fake / Unverified Runs:

No Penalty for Trying: Players are free to submit any video or verification attempt—even if it is fake, modified, or unverified. You will not be banned or punished for submitting an invalid run.

List Exclusion: Any run found to be fake, edited, or failing Pointercrate verification standards will simply be rejected and excluded from the list.

Strict Privacy & Staff Leak Prohibition:

Absolute Confidentiality: All chat logs, raw files, and private verification discussions regarding fake or rejected submissions are 100% confidential.

Zero Leak Tolerance: No verifier or staff member is permitted to leak, leak-screenshot, expose, or publicly mock any player's fake submission or private chat logs.

Penalty for Staff Violations: Any Verifier <@dolphin> or Moderator <@SHARK> caught leaking private submission details or damaging a player's reputation will face an immediate demotion / removal of staff rank.
